The reconstruction project of the Hacienda Trail and other Multi-Modal Paths North of C.R. 466 began on Tuesday, June 27, 2017. With the exception of a few punch list items, this project is now complete! This project encompassed existing concrete multi-modal paths north of C.R. 466 in the geographical areas of Village Community Development District No. 1 and the Lady Lake portion of The Villages.

What's Happening in Your District...

Road rejuvenation is scheduled to take place on villa roads in District 5, District 6 and District 11. Door hangers and signs at the villa entries will be placed in all areas that will be impacted by this work. Please check the signs at your villa entry for application dates, as well as changes due to unforeseen circumstances.

This work is scheduled to begin on March 12, 2018 and be complete on March 23, 2018. Please understand that these dates may change due to equipment issues, rain delays or irrigation not being turned off. It is extremely important that you do not run your irrigation or do any car washing the day before, the day of and the day after application. The product needs to completely soak into the asphalt on a dry road to be successful. If you have any questions or concerns, please contact District Property Management at (352) 753-4022.

Day 1 – Clifford Villas, Jackson Villas, Leo Villas, Reagan Villas and Veterans' Memorial Park

Day 2 – Cherry Vale Villas, Ezell Villas and Inglewood Villas

Day 3 – Chesterfield Villas, Clayton Villas, Eagle Ridge Villas, Jasper Villas and Mount Vernon Villas

Day 4 – Bellamy Villas, Cherry Hill Villas, Clifton Villas, Hialeah Villas and Swainwood Villas

Day 5 – Elizabeth Villas, Heritage Villas, Stillwater Villas and Virginia Vine Villas

Day 6 – Alexa Villas, Audrey Villas, Janeann Villas and Natalie Villas

Day 7 – Carlton Villas, Hampton Villas and Richmond Villas

Day 8 – Laurel Manor Drive and Paige Place

Information Provided by Sumter County Sheriff's Office

Unsecured Loads on Our Roadways

Have you ever nervously driven behind a car with a mattress loosely tied to its roof, or a pickup truck with the bed or trailer overflowing? These unsecured loads can pose a serious hazard to other motorists, potentially leading to injuries, property damage, and fatalities. In 2010, the National Highway Traffic Safety Administration (NHTSA) estimated that there were about 440 fatalities caused by roadway debris.

It is the duty of every owner and driver, severally, of any vehicle hauling, upon any public road or highway open to the public, dirt, sand, lime rock, gravel, silica, or other similar aggregate or trash, garbage, any inanimate object or objects, or any similar material that could fall or blow from such vehicle, to prevent such materials from falling, blowing, or in any way escaping from such vehicle.

Determining if an accident was caused by an unsecured load can be difficult. For example, if an object falls from a moving vehicle and *immediately* hits a vehicle or a person, the crash is generally classified as an unsecured-load crash. But if an object falls from a moving vehicle onto the road and another vehicle hits it *later*, the crash will generally not be classified as an unsecured-load crash.

The Sumter County Sheriff's Office is on the lookout for these violations.

From your Sumter County Traffic Team
