INDEPENDENT AUDITORS' REPORT

Board of Supervisors
Village Community Development District No. 1
The Villages, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Village Community Development District No. 1 (the District) as of and for the year ended September 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District, as of

INDEPENDENT AUDITORS' REPORT
(Concluded)

Opinions (Concluded)

September 30, 2014, and the respective changes in financial position thereof, and, the budgetary comparison of the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, as listed in the accompanying table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards* we have also issued our report dated January 14, 2015, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Ocala, Florida

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1
Management's Discussion and Analysis
(UNAUDITED)
September 30, 2014

The Village Community Development District No. 1 (the District) management's discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues; (b) provide an overview of the District's financial activities; and (c) identify changes in the District's financial position and its ability to address the next and subsequent year's challenges.

Financial Highlights

- The assets of the District exceeded its liabilities as of September 30, 2014, by \$17,960,458 (net position). Of this amount, \$1,277,380 of unrestricted net position may be used to meet the District's ongoing obligations to residents and creditors.
- The District's total net position decreased by \$429,037. This decrease in net position resulted primarily from depreciation expenses for all capital assets of \$649,365 that are provided to reflect the using up over time of the value of items of capital equipment previously acquired, to allow for the planning of the timely replacement or renovation of these assets, when required. The annual decrease in net position resulting from depreciation expenses reflects the need of the District in future years to increase its budgetary allocation to build new assets or repair or upgrade existing assets as the assets continue to age.
- At the close of the Fiscal Year, the District's governmental funds reported combined fund balances of \$1,347,662, a net increase of \$131,098. Of the total, \$745,174 is available for spending at the District's discretion as *unassigned fund balance*.
- At the end of the year, unassigned fund balance of the General Fund was \$745,174 or 74.8 percent of total General Fund annual expenditures. This provides a healthy contingency for unexpected expenditures.
- Special assessments are shown as assessments receivable. At the fund level, there is an offsetting line item for unavailable revenue pertaining to assessments due in future years. Assessments receivable decreased by \$74,976 during the year and has a September 30, 2014, balance of \$71,268.
- The Fiscal Year 2013-2014 capital project plan included \$102,124 in expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Village Community Development District No. 1's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. The **Statement of Net Position** presents information on all of the District's assets and deferred outflows compared to liabilities and deferred inflows, with the difference between the two reported as *net position*. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the Village Community Development District No. 1 is improving or deteriorating.

The **Statement of Activities** presents information showing how the government's net position changed during the most recent Fiscal Year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected assessments).

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1

Management's Discussion and Analysis

(UNAUDITED)

September 30, 2014

Both of the government-wide financial statements distinguish functions of the District that are principally supported by assessments and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the District include general government and debt service. The District has no business-type activities. The District also has no component units, as all functions are performed by the primary government. The government-wide financial statements are provided on pages 9-10 of this report.

The Fund Financial Statements, which report by individual fund, begin on page 11. Traditional users of governmental financial statements will find the fund financial statements presentation more familiar. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village Community Development District No. 1, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are considered governmental funds. There are no proprietary or fiduciary funds maintained by the District. The fund financial statements present information in more detail than the government-wide financial statements. Governmental Accounting Standards Board (GASB) Statement No. 34 provides the authoritative guidance on the governmental financial reporting model. The District has also implemented GASB Statement No. 54 in prior year reports, and the new terminology introduced by GASB Statement No. 54 continues to be used within the equity section of governmental statements to describe the components of fund balance.

Governmental funds. *Governmental funds* are used to account for essentially the same functions as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the Fiscal Year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District maintained two individual governmental funds during the year. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the General Fund, which is considered to be a major fund, and the Debt Service Fund.

The District adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget. The basic governmental fund financial statements can be found on pages 11-15 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found beginning on page 16.

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1
Management's Discussion and Analysis
(UNAUDITED)
September 30, 2014

Government-wide Financial Analysis

The District's net position as of September 30, 2014, and September 30, 2013, were \$17.960 million and \$18.389 million, respectively, representing a decrease of approximately \$0.429 million. The District's revenues for the years ended September 30, 2014, and September 30, 2013, including assessments and investment earnings, were approximately \$1.114 million and \$0.968 million, respectively. The District's expenses for the years ended September 30, 2014, and September 30, 2013, were \$1.543 million and \$1.579 million, respectively. Table 1, below, reflects the summary statement of net position for the current year and prior year.

Table 1

Net Position

		Governmental Activities	
		September 30, 2014	September 30, 2013
Assets:			
Current and other assets	\$	1,390,339	1,231,788
Assessments receivable		71,268	146,244
Capital assets - net		16,541,528	17,026,687
Total assets		18,003,135	18,404,719
Liabilities:			
Current and other liabilities		38,826	15,224
Total liabilities		38,826	15,224
Net position:			
Net investment in capital assets		16,541,528	17,026,687
Restricted for capital improvements		141,550	-
Unrestricted		1,277,380	1,362,808
Total net position	\$	17,960,458	18,389,495

The majority of the District's net position (92.1 percent) relate to investments in capital assets. A small portion is restricted for capital improvements (0.8%). The remaining 7.1 percent represents unrestricted assets.

Table 2 below reflects the summary statement of Changes in Net Position for the current year and prior year.

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1
Management's Discussion and Analysis
(UNAUDITED)
September 30, 2014

Table 2

Changes in Net Position

	Governmental Activities	
	September 30, 2014	September 30, 2013
Revenues:		
Special assessments	\$ 998,845	934,412
Other revenues	46,180	30,794
Investment earnings	7,295	2,958
Contributions and donations	62,082	-
Total revenues	<u>1,114,402</u>	<u>968,164</u>
Expenses:

Transportation	112,531	109,817
Interest on long-term debt	-	3,770
Depreciation (unallocated)	649,365	627,242
Total expenses	<u>1,543,439</u>	<u>1,578,975</u>
Increase (Decrease) in net position	<u>\$ (429,037)</u>	<u>(610,811)</u>

Revenues

Revenues include assessments placed on District landowners for maintenance and debt service. Other revenue includes reimbursements from Sumter County for the District's maintaining county road right-of-ways. Investment earnings on cash balances held during the year make the final source of revenue to the District. Special Assessment revenue increased by \$64,433 in Fiscal Year 2014 compared to Fiscal Year 2013, largely due to a ten (10) percent increase in annual maintenance assessments, and partially offset by declining debt service assessments.

Investment earnings increased from \$2,958 in Fiscal Year 2013 to \$7,295 in Fiscal Year 2014. This increase was due to both a larger investment balance in the FMIvT and higher returns for both the FMIvT and FLGIT.

Donation of a one-way Multi-Modal Cart Path from Carrera Drive to access the De La Vista postal facility was donated to the District from the Village Center Community Development District. The value of the donation was \$62,082.

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1

Management's Discussion and Analysis

(UNAUDITED)

September 30, 2014

Expenses

General government expenses of the District decreased by \$18,605 compared to the prior year. Physical environment expenses are mainly for landscaping, irrigation, some utilities and maintenance costs. These expenses decreased by \$37,998, compared to the prior year primarily due to completion of major irrigation repair and landscaping projects completed in Fiscal Year 2012-2013. Transportation expenses primarily relate to the cost of electric utilities for the streetlights on the District roads and road repair projects on Villa Roads. These expenses were up \$2,714 compared to the prior year. There is no longer any interest expense as the last bonds were paid off in Fiscal Year 2012-2013. Depreciation expenses increased by \$22,123 compared to the prior year.

Financial Analysis of the Government's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the District's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of a Fiscal Year. As of the end of Fiscal Year 2014, the District's governmental funds reported combined ending fund balances of \$1,347,662, an increase of \$131,098 in comparison with the end of Fiscal Year 2013. Approximately 55.3 percent of this total amount, \$745,174, constitutes *unassigned fund balance*, which is available for spending at the government's discretion. The remainder of the fund balance is *committed* to indicate that it is not available for new spending because it has already been committed (\$460,938 to renewal and replacement) and *restricted* (\$141,550 for capital projects).

The General Fund is the chief operating fund of the District. At the end of Fiscal Year 2014, unassigned fund balance was \$745,174, while total fund balance reached \$1,347,662. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 74.8 percent of total annual General Fund expenditures, while total fund balance represents 135.3 percent of that same amount. Both of these percentages are significantly higher than in the prior year, because less General Fund resources were used to fund major capital projects in Fiscal Year 2013-2014.

General Fund Budgetary Highlights

During the year, there was an increase in the total appropriations for the General Fund between the original and final budget of \$94,000 primarily due to increased landscaping repair and maintenance adjustments. There was no change in the revenue budget.

Capital Asset and Debt Administration

Capital Assets. The District's capital assets as of September 30, 2014, and September 30, 2013, amounted to \$16,541,528 and \$17,026,687, respectively. This is net of accumulated depreciation and includes land and improvements as well as furniture, fixtures and equipment. The decrease resulted from annual depreciation expenses exceeding the amount of new capital assets added during the year. Additional information regarding the District's capital assets can be found in Note 3 of the Notes to the Basic Financial Statements.

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1

Management's Discussion and Analysis

(UNAUDITED)

September 30, 2014

Economic Factors and Next Year's Budgets and Rates

- The unemployment rate in Sumter County where the District is located was 5.1 percent in September 2014 which is a decrease from a rate of 5.7 percent a year ago. This compares favorably with the State's average unemployment rate of 6.1 percent and is below the national average rate of 5.9 percent.
- Inflationary trends in the area are comparable to national indices. The national Consumer Price Index (CPI) annual increase for all urban consumers increased from 1.18 percent in September 2013 to 1.66 percent in September 2014.

These factors were considered in preparing the Districts' budget for the 2014-2015 Fiscal Year. In Fiscal Year 2014-2015, the annual maintenance assessments are the same as the Fiscal Year 2013-2014 amounts and the debt service assessments have been slightly reduced as more of the outstanding bond amounts have been paid off and only one annual assessment installment remains in Phase II of the District. Total annual projected revenues have decreased in the Fiscal Year 2014-2015 original budget by \$14,651, compared to the Fiscal Year 2013-2014 final budget. This was due primarily to the removal of the Shared Revenue From Other Local Governments from the 2014-2015 budget. Total projected expenditures have decreased by \$91,843. The decrease in projected capital expenditures of \$71,551 accounts for almost all of the decrease.

Requests for Information

The District's financial statements are designed to present users (residents, taxpayers, customers, investors and creditors) with a general overview of the District's finances and to demonstrate the District's accountability. If you have any questions about the report or need additional financial information, contact the Village Community Development Districts, Finance Department at 984 Old Mill Run, The Villages, FL 32162; Telephone (352) 753-0421.

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1

Notes to Basic Financial Statements

September 30, 2014

(1) Summary of Significant Accounting Policies

(a) Reporting Entity

Village Community Development District No. 1 (the District) was established in 1992 for the purpose of planning, financing, constructing, operating, and maintaining certain community-wide infrastructure for a community development district located entirely within Sumter County, Florida. The District was created by Sumter County Commission Ordinance No. 92-2 pursuant to the provisions of Chapter 190.005, Florida Statutes, and operates within the criteria established by Chapter 190. The District is governed by a five-member Board of Supervisors. As of September 30, 2014, each member of the Board of Supervisors is an elected resident of the District.

The District boundary consists of approximately 993 acres in the northeast corner of the county. Planned development includes construction of 3,420 residential units. The land within the District is part of the active adult retirement community known as “The Villages”. The Villages consists of approximately 22,601 acres spanning the borders of Lake, Sumter and Marion Counties, City of Wildwood, City of Fruitland Park and the Town of Lady Lake, Florida, and when fully developed is expected to include approximately 58,789 residences and 111,699 residents. The Villages of Lake-Sumter, Inc. was the developer and initial owner of the property within the District. All of the residential units in Village Community Development District No. 1 have been completed by the developer and sold to the current residents of the District. The Villages continues to be developed by the developer, a family-owned business established for the single purpose of developing The Villages. Most current development is being performed in District Nos. 10 and 11 south of District No. 1.

The financial statements of the District have been prepared in conformity with U.S. Generally Accepted Accounting Principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for establishing governmental accounting and financial reporting principles. The District’s more significant accounting policies are described below.

There are no component units that are legally separate from the District. There are fourteen Community Development Districts (CDDs) in the total structure of The Villages, each being a separate government entity established pursuant to Chapter 190, Florida Statutes.

The Developer has formed the following community development districts:

- Village Center CDD (Lake, Marion and Sumter Counties) – This CDD provides water and sewer utility services, recreation and security services, and fire protection and paramedic services to the residents. The cost of operations is funded by amenity and utility fees that residents pay monthly. This CDD also provides for the maintenance of common areas and roadways for the commercial areas within the CDD boundaries. The cost of maintenance in the commercial areas is funded through commercial maintenance assessments.
- Sumter Landing CDD (Sumter County) – This CDD provides recreation and security services to the residents. The cost of operations is funded by amenity fees that residents pay monthly. This CDD also provides for the maintenance of common areas and roadways for the commercial areas within the CDD boundaries. The cost of maintenance in the commercial areas is funded through commercial maintenance assessments.

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1

Notes to Basic Financial Statements

September 30, 2014

(1) Summary of Significant Accounting Policies (continued)

(a) Reporting Entity (continued)

- Brownwood CDD (Sumter County) – This CDD was newly established in June 2012 by the City of Wildwood, Florida and is located at the southern end of The Villages. This CDD provides for the maintenance of common areas and roadways for the commercial areas within the CDD boundaries. The cost of maintenance in the commercial areas is funded through commercial maintenance assessments as the new downtown area builds out.
- Village CDD No. 1 (Sumter County) – This CDD’s boundary consists of approximately 993 acres in the northeast corner of the county. The development included construction of 3,420 residential units.
- Village CDD No. 2 (Sumter County) – This CDD’s boundary consists of approximately 990 acres in the northeast corner of the county. The development included construction of 3,668 residential units.
- Village CDD No. 3 (Sumter County) – This CDD’s boundary consists of approximately 894 acres in the northeast corner of the county. The development included construction of 3,762 residential units.
- Village CDD No. 4 (Marion County) – This CDD’s boundary consists of approximately 1,186 acres in the southern portion of the county. The development included construction of 5,132 residential units.
- Village CDD No. 5 (Sumter County) – This CDD’s boundary consists of approximately 1,407 acres in the northeast corner of the county. The development included construction of 6,399 residential units.
- Village CDD No. 6 (Sumter County) – This CDD’s boundary consists of approximately 1,497 acres in the northeast corner of the county. Planned development included construction of 6,697 residential units of which 1 remains unsold as of September 30, 2014.
- Village CDD No. 7 (Sumter County) – This CDD’s boundary consists of approximately 976 acres in the northeast corner of the county. The development included construction of 4,765 residential units.
- Village CDD No. 8 (Sumter County) – This CDD’s boundary consists of approximately 1,098 acres in the northeast corner of the county. Planned development includes construction of 5,193 residential units. Construction is now complete with 127 unsold and being used as lifestyle preview homes by the Developer.
- Village CDD No. 9 (Sumter County) – This CDD’s boundary consists of approximately 1,280 acres in the northeast corner of the county. Planned development includes construction of 5,376 residential units. Construction is now almost complete with 57 remaining unsold as of September 30, 2014.
- Village CDD No. 10 (Sumter County) – This CDD’s boundary consists of approximately 1,588.8 acres in the northeast corner of the county. Planned development includes

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1

Notes to Basic Financial Statements

September 30, 2014

(1) Summary of Significant Accounting Policies (continued)

(a) Reporting Entity (continued)

construction of 6,639 residential units. Construction is now underway, with 2,489 homes closed as of September 30, 2014.

- Village CDD No. 11 (Lake County) – This CDD’s boundary consists of approximately 693 acres in the city limits of Fruitland Park in the western portion of Lake County. Planned development includes construction of 2,050 residential units. The infrastructure assessment bonds were issued on November 14, 2014, and active development has begun.

Certain of these community development districts have issued special assessment revenue bonds to finance various infrastructure improvements in their respective boundaries that are secured by special assessments levied on benefited lands in each district. It is anticipated that additional infrastructure improvements within The Villages will be undertaken by these community development districts and/or community development districts that will be created in the future, for which special assessments may be imposed on residences in The Villages and lands owned by the Developer.

In addition to the above there is one dependent district of Sumter County that is part of the family of Districts that comprise the local government of The Villages.

- North Sumter County Utility Dependent District (NSCUDD) (Sumter and Marion Counties) – The dependent district was established in July 2010 to manage and finance basic potable water, wastewater treatment and reclaimed water services for approximately 7,721 acres of land located in unincorporated Sumter County in The Villages, Florida. The District was created on July 13, 2010, by Sumter County, Florida, in Ordinance No. 2010-10, pursuant to the provisions of Chapter 189 of the *Florida Statutes*, and operates within the criteria established by Chapter 189. The service area of NSCUDD was expanded to include solid waste collection services for the entire Sumter County portion of The Villages. The City of Wildwood and Marion County entered into interlocal agreements with the District on November 20, 2012, authorizing the District to provide solid waste collection services in portions of their jurisdictions, including Brownwood District and District No. 4.

(b) Basic Financial Statements

Government-wide and Fund Financial Statements

The basic financial statements include both government-wide (based on the District as a whole) and fund financial statements. The government-wide financial statements (i.e. the statement of net position and statement of activities) report information on all of the non-fiduciary activities of the District. For the most part, the effect of internal activity has been removed from these statements.

The financial reporting model focus is on either the District as a whole, or major individual funds. The government-wide statement of net position reports the governmental activities of the District (a) on a government-wide basis and (b) on a full accrual basis, using the economic resources measurement focus, which incorporates long-term assets and receivables as well as long-term debt and obligations. The Statement of Net Position also addresses deferred inflows and deferred

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1

Notes to Basic Financial Statements

September 30, 2014

(1) Summary of Significant Accounting Policies (continued)

(b) *Basic Financial Statements (continued)*

outflows. The statement of activities reflects the expenses of the District, which are offset by revenues. Program revenues are defined as charges for services, operating grants and contributions, and capital grants and contributions directly associated with a given function.

The District's major funds are presented in separate columns on the fund financial statements. The definition of a major fund is one that meets certain criteria set forth in GASB 34. The General Fund meets this definition and is designated as a major fund. The District has one non-major fund, the Debt Service Fund.

Program revenues in the Statement of Activities consist primarily of special assessment revenues. Net position is categorized as net investment in capital assets, restricted, and unrestricted.

Net investment in capital assets is intended to reflect the portion of net position which is associated with capital assets net of accumulated depreciation less outstanding capital asset related debt.

Restricted net position is assets that have third party (statutory, bond covenant or granting agency) or enabling legislation limits on their use. The District would typically use restricted assets first, as appropriate opportunities arise, but reserves the right to selectively defer the use thereof to a future project or replacement equipment acquisition.

Unrestricted net position represents net position not included in net investment in capital assets or restricted net position.

(c) *Measurement Focus, Basis of Accounting and Financial Statement Presentation*

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year in which the related debt is issued and the assessments established.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Governmental funds report fund balances either as non-spendable or spendable. Spendable balances are further classified as restricted, committed, assigned or unassigned, based on the extent to which there are external or internal constraints on the spending of these fund balances. A discussion of each is as follows:

Non-spendable: Resources that cannot be spent such as for inventories and prepaid expenses.

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1

Notes to Basic Financial Statements

September 30, 2014

(1) Summary of Significant Accounting Policies (continued)

(c) Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

Restricted: Balances that only can be spent for specific purposes imposed by external sources.

Committed: Resources that can only be spent for purposes established by the highest decision making authority in the government.

Assigned: Amounts designated for specific purposes, but does not meet the criteria to be designated restricted or committed.

Unassigned: The residual classification for all remaining funds not contained in other classifications.

The District does not currently use *Non-spendable* or *Assigned* categories of fund balance. All *Restricted* fund balances relate to external debt service restrictions. The Board of Supervisors, the highest decision making authority of the District, approves the establishment, increase and reduction in *Committed* fund balances by budget resolutions and amendments. All other fund balances are *Unassigned*. *Restricted* and *Committed* fund balances are always used first for the purposes for which they are designated. Changes to this practice require prior Board of Supervisors approval. A minimum fund balance amount has not been formally adopted.

The following is the District's major governmental fund:

General Fund

The general fund is the operating fund of the District and is used to account for all financial resources of the general government except those required to be accounted for in another fund.

The following is the District's non-major fund:

Debt Service Fund

The Debt Service Fund has been used to account for the payment of principal and interest on long term debt and the receipt of special assessment revenue. Fiscal Year 2014-2015 will be the final year revenue is collected and all debt service has been completed. In the upcoming year this fund will be closed and residual proceeds transferred to the General Fund.

(d) Budgetary Data

Legal authority and control are established in accordance with Section 190.008, *Florida Statutes*. Annual budgets, as well as subsequent amendments, are adopted and approved for the general fund by the Board of Supervisors. Budgets are adopted on a basis consistent with GAAP.

All budget amounts presented in the statements reflect the original budget and the amended final budget.

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1

Notes to Basic Financial Statements

September 30, 2014

(1) Summary of Significant Accounting Policies (continued)

(e) Assets, Liabilities, and Net position or Equity

1. Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

- Money Market Mutual Funds
- Demand Deposits
- Florida State Board of Administration, Florida Prime™

The money market mutual funds are stated at cost which approximates fair value.

In May 2008, the District transferred amounts approximately equal to its long-term reserved fund balances (less debt service reserves maintained with the bond trustee) into the Florida Municipal Investment Trust (FMIVT) operated by the Florida League of Cities. The investment was placed into the FMIVT's 1-3 Year High Quality Bond Fund. In December 2010, approximately half of the balances in the FMIVT were transferred to the Florida Local Government Investment Trust operated by the Florida Association of Counties and the Florida Association of County Clerks. This transfer was made to further diversify the District's investments and improve liquidity. The investment in both pools is evidenced by shares which are marked to market monthly.

2. Capital Assets

Capital assets are reported in the government-wide financial statements. As defined by the District, capital assets are assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. The District values and records donated capital assets at the estimated fair value of the item at the date of its donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Depreciation of capital assets is computed using the straight-line method and is recorded in general government expenses in the District's Statement of Activities. Estimated useful lives of the assets are as follows:

Improvements other than buildings and structures	40 years
Furniture and equipment	5-10 years

3. Assessments

Bond Assessments

The Phase II bond debt was repaid in full in Fiscal Year 2012-2013 from the proceeds of an assessment levied by the District's Board of Supervisors, however, there remains a portion of the assessment outstanding through Fiscal Year 2014-2015. The levy is in the form of non-ad valorem special assessment that is a lien against properties, within the boundary of the District, that receive special benefits from the infrastructure improvements financed by the bonds. These assessments

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1

Notes to Basic Financial Statements

September 30, 2014

(1) Summary of Significant Accounting Policies (continued)

(e) Assets, Liabilities, and Net position or Equity

3. Assessments (continued)

Bond Assessments (continued)

may be prepaid in total at any time or annually as non-ad valorem special assessments. Although the receivable is maintained in the Debt Service Fund, for 2013-2014 the revenues were budgeted for and received in the General Fund. In Fiscal Year 2014-2015, the Debt Service Fund will be closed.

Maintenance Assessments

In addition to the assessment for the repayment of bond obligations, the District has levied an assessment for the maintenance of the infrastructure and the operations of the District. This assessment is levied as part of the General Fund's annual budget. The maintenance assessment revenue is classified as program revenue and is accounted for in the General Fund.

Assessment Methodology

The assessment methodology consists of five steps. First, the District Engineer determines the costs for all District improvements needed. Second, the assessable acres that benefit from the District's infrastructure improvements are determined. Third, the District Financial Advisor and Underwriter estimate total funding needed to acquire and/or construct the infrastructure improvements. Fourth, this amount is divided equally among the benefited properties on a net assessable acreage basis. Finally, as land is platted, the debt on each assessable acre is allocated to each residential unit. This methodology is applied to both the bond and the maintenance assessments.

Billing / Collection of Assessments

The District has entered into an agreement with the Tax Collector of Sumter County. The assessments are placed on the county property tax bill as a non-ad valorem assessment. It is collected by the county under the uniform tax collection process and then remitted to the District.

(f) Implementation of Governmental Accounting Standards Statements

GASB 65, which was effective for the Fiscal Year ending September 30, 2014, was early implemented during the last Fiscal Year, ending September 30, 2013. There are no other GASB standards that are effective with the current Fiscal Year that were applicable to the District and required Fiscal Year 2014 implementation.

(g) Use of Estimates

The management of the District has made a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with GAAP. Examples of major areas where estimates are used include the estimate for useful lives of land improvements. Actual results could differ from those estimates.

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1

Notes to Basic Financial Statements

September 30, 2014

(2) Deposits and Investments

As of September 30, 2014, the District had the following deposits and investments:

<u>Deposits and Investment Type</u>	<u>Fair Value at September 30, 2014</u>	<u>Weighted Average Maturity (Days)</u>	<u>Credit Rating</u>
Demand Deposits, CFB	\$ 213,000	1.0	n/a
State Board of Administration, Florida Prime™	178,710	39.0	AAAm
Florida Local Government Investment Trust	494,537	664.3	AAAf/S1
1-3 Year High Quality Bond Fund, FMIVT	496,738	543.9	AAA/v2
 Total Fair Value	 \$ <u>1,382,985</u>		
Portfolio Weighted Average Maturity (WAM)		438.1	

Interest Rate Risk. Interest rate risk exists when there is a possibility that changes in interest rates could adversely affect an investment’s fair value. GASB 40 requires that interest rate risk be disclosed using one of the five approved methods. The five methods are: segmented time distribution, specific identification, Weighted Average Maturity (WAM), duration, and simulation model. The District has used the WAM method in the above chart. In accordance with the District’s investment policy, the government manages its exposure to decline in fair values by limiting the WAM of its investment portfolio to less than three years as provided in the District Investment Policy. The WAM on September 30, 2014, was 438.1 days.

Credit Risk. GASB 40 requires disclosure of credit quality ratings for investments in debt securities as well as investments in external investment pools, money market funds, and other pooled investments of fixed income securities. Investments may be aggregated by ratings categories within the disclosure. Ratings are set by nationally recognized statistical rating organizations (Fitch, Moody’s, and Standard and Poor’s (S&P)). Fitch provides the ratings for FMIVT, while S&P provides the ratings for the U.S.Bank money market funds, the Florida Local Government Investment Trust, and the Florida Prime™.

Operating cash is maintained with Citizens First Bank, an authorized Public Depository, pursuant to Chapter 280, Florida Statutes.

The District’s investments consist of funds placed with three entities:

- The State Board of Administration for participation in the Local Government Investment Pool (Florida Prime™) created by Section 218.415, Florida Statutes. This investment pool operates under investment guidelines established by Section 215.47, Florida Statutes. The District’s investments in the Florida Prime™, a Securities and Exchange Commission Rule 2a7-like external investment pool, are reported at fair value which is amortized cost. The pool is rated AAAM by Standard and Poor’s.
- The District also has investments consisting of funds placed with the Florida League of Cities, Inc. for participation in the Florida Municipal Investment Trust (FMIVT) investment pool. The pool is an authorized investment consistent with Section 218.415(16)(a), Florida Statutes and the District’s investment policy. The District owns shares in the 1-3 Year High Quality Bond Fund, a pool operated by the FMIVT. GASB 31 requires all governments to mark to market the

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1

Notes to Basic Financial Statements

September 30, 2014

(2) Deposits and Investments (continued)

Credit Risk (continued)

unrealized gains and losses incurred in its investments. As of September 30, 2014, the FMIvT had an unrealized loss of \$2,787 and a realized gain of \$6,215 for a net investment gain of \$3,428. The realization of the loss will only occur upon the future sale of the underlying shares.

- In December 2010, the District invested in shares of the Florida Local Government Investment Trust (FLGIT) operated by the Florida Association of Counties and Florida Association of County Clerks. The pool is an authorized investment consistent with Section 218.415(16)(a), Florida Statutes and the District's investment policy. The transfer was done to further diversify the District's investment portfolio and improve liquidity. FLGIT recognized an unrealized gain of \$3,158 during Fiscal Year 2013-2014. The realization of the gain will only occur upon the future sale of the underlying shares.
- In total, the District recognized interest and investment earnings of \$7,295 during the Fiscal Year.

Concentration of Credit Risk. The District's investment policy requires the diversification of its investment portfolio. Investments may be diversified by:

- Limiting investments to avoid over-concentration in securities from a specific issuer or business sector;
- Limiting investments in securities with higher credit risks;
- Investment in securities with varying maturities; and
- Continuously investing a portion of the portfolio in readily available funds, such as the Local Government Investment Pool, money market funds, or overnight repurchase agreements to ensure the appropriate liquidity is maintained to meet ongoing obligations.

Custodial Credit Risk-Deposits. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District invests its operating cash solely in Guaranteed Public Depositories that meet the requirements of Chapter 280, Florida Statutes. In addition to protection of up to \$250,000 for its deposits with a single bank being provided by the Federal Deposit Insurance Corporation (FDIC), the District's deposits are provided an extra level of security afforded by using a public depository that meets the requirements of Chapter 280. This includes the provision by the public depository of collateral based on the amount of public deposits maintained at the institution and the ability of the State of Florida to levy other public depositories for shortages in collateral in the event of the failure of a public depository. The Citizens First Bank is a Guaranteed Public Depository.

Custodial Credit Risk-Investments For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. All investments are held in the name of the District by a custodian or a Trustee for the District.

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1

Notes to Basic Financial Statements

September 30, 2014

(2) Deposits and Investments (continued)

Investment Policy

The District is authorized to invest in those financial instruments as established by the Investment Policy of the District. This policy allows investments authorized under *Florida Statutes* 218.415, amended to include Repurchase Agreements and prohibiting derivative type investments. The authorized investments consist of:

- The Local Government Surplus Funds Trust Fund or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Section 163.01, Florida Statutes.
- Securities and Exchange Commission registered money market mutual funds with the highest credit quality rating from a nationally recognized rating agency.
- Interest-bearing time deposits or savings accounts in qualified public depositories as defined in Section 280.02, Florida Statutes.
- Direct obligations of the United States Treasury.
- Federal agencies and instrumentalities.
- Repurchase agreements with financial institutions approved as public depositories, provided that the underlying collateral consist of obligations of the United States Government, its agencies and instrumentalities. The repurchase agreement shall be collateralized equal to at least 102 percent of the value of the District's investment.

(3) Capital Assets

Capital asset activity for the year ended September 30, 2014, was as follows:

	<u>Beginning balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Transfers</u>	<u>Ending balance</u>
Governmental activities:					
Assets not being depreciated:					
Land	\$ 802,959	-	-	-	802,959
Construction in progress	364,369	2,062	-	(366,431)	-
Total assets not being depreciated	1,167,328	2,062	-	(366,431)	802,959
Assets being depreciated:					
Furniture and equipment	8,680	-	-	-	8,680
Improvements other than buildings	24,810,591	162,144	-	366,431	25,339,166
Total assets being depreciated	24,819,271	162,144	-	366,431	25,347,846
Less accumulated depreciation for:					
Furniture and equipment	(8,680)	-	-	-	(8,680)
Improvements other than buildings	(8,951,232)	(649,365)	-	-	(9,600,597)
Total depreciation	(8,959,912)	(649,365)	-	-	(9,609,277)
Total assets being depreciated, net	15,859,359	(487,221)	-	366,431	15,738,569
Governmental activities, capital assets	\$ <u>17,026,687</u>	<u>(485,159)</u>	<u>-</u>	<u>-</u>	<u>16,541,528</u>

VILLAGE COMMUNITY DEVELOPMENT DISTRICT NO. 1

Notes to Basic Financial Statements

September 30, 2014

(4) Long-term Debt

The District no longer has any long-term debt.

(5) Related Parties

The District has no employees. For certain management, finance, and administrative services, the District entered into an interlocal agreement with Village Center Community Development District (Center District), a community development district created under Florida Statute 190. Under the agreement, fees paid to Center District by the District for such services totaled \$152,818 for the year ended September 30, 2014.

In prior years the Developer provided to the Center District at no cost information system support, including software, hardware, computer programming and internal mailroom operations. The Center District then passed on this benefit to the District. In March 2012, a new company was formed, Villages Technology Services Group, to assume the information system support previously provided by the Developer. In Fiscal Year 2011-2012, the Center District began paying for information system support, with these expenses then passed on in a prorated basis to District No. 1. These costs for the year ended September 30, 2014, were \$8,296.

Most capital costs for infrastructure were acquired from the Developer or paid on contracts that were assigned to the District by the Developer using bond proceeds in previous years. In the last few years systems like the new Morse Boulevard irrigation system were acquired by the District through competitive bid.

(6) Risk Management

The District is exposed to various risks of loss related to torts, theft, damage and destruction of assets, errors and omissions, and natural disasters. The District generally carries insurance for these risks, however, the District retains risk for certain property coverage and for losses in excess of coverage limits. There have been no claims in excess of coverage limits for the past three years.

(7) Subsequent Event

During the Board meetings in August and September of 2014, all District Boards adopted a Long-Term Investment Policy. The initial funds were subsequently transferred to the Long-Term Investment Portfolio (LTIP) on October 3, 2014. The funds transferred for District 1 totaled \$189,369. The main investment objective of the LTIP is to achieve long-term growth of LTIP assets by maximizing long-term rate of return on investments and minimizing risk of loss to fulfill the District's obligations with an investment horizon of 5-10 years. The new policy was developed in accordance with Chapter 218.415, Florida Statutes.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

Board of Supervisors
Village Community Development District No. 1
The Villages, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Village Community Development District No. 1 (the District) as of and for the year ended September 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated January 14, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected, and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS
(Concluded)**

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Board of Supervisors
Village Community Development District No. 1
The Villages, Florida

Report on the Financial Statements

We have audited the financial statements of Village Community Development District No. 1 (the District) as of and for the fiscal year ended September 30, 2014, and have issued our report thereon dated January 14, 2015.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Florida Auditor General*.

Other Reports

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountants' Report on an examination conducted in accordance with American Institute of Certified Public Accountants Professional Standards, Section 601, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated January 14, 2015, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective action has been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government be disclosed in this management letter, unless disclosed in the notes to the financial statements (see Note 1 of the September 30, 2014, District's basic financial statements for this information).

Financial Condition

Section 10.554(1)(i)5.a., *Rules of the Auditor General*, requires that we report the results of our determination as to whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific conditions(s) met. In connection with our audit, we determined that the District did not meet any conditions described in Section 218.503(1), Florida Statutes.

MANAGEMENT LETTER
(Concluded)

Financial Condition (Concluded)

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Annual Financial Report

Section 10.554(1)(i)5.b., *Rules of the Auditor General*, requires that we report the results of our determination as to whether the annual financial report for the District for the fiscal year ended September 30, 2014, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2014. In connection with our audit, we determined that these two reports agree.

Other Matters

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve the District's financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Board of Supervisors and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of our audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.

INDEPENDENT ACCOUNTANTS' REPORT

Board of Supervisors
Village Community Development District No. 1
The Villages, Florida

We have examined the District's compliance with the requirements of Section 218.415, Florida Statutes with regards to the District's investments during the year ended September 30, 2014. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2014.

RE: Management Response Letter

Dear Supervisors:

Attached is the completed audit for fiscal year 2013-2014 for Village Community Development District No. 1. We are proud to report that this audit has an unmodified opinion.

There are no internal control deficiencies, material weaknesses or compliance issues identified and reported. No prior year comments were identified as all have been corrected in previous years and no new comments have been identified.

Your District staff has worked hard to assure you as supervisors that the management of the District's funds is conducted professionally, consistent with generally accepted accounting principles and governing Florida Statutes.

We believe that Village Community Development District No. 1 continues to set an example for the appropriate management of Community Development Districts as conceived in Chapter 190, Florida Statutes. We would particularly like to commend the staff of the Villages District Finance Department for their diligent efforts in recording and maintaining the financial records of the District.

We would be happy to entertain any questions members of the Board of Supervisors may have on the audit report or the management of District resources.

Sincerely,

David R. Miles, CGFO
Finance Director
