REQUEST FOR QUALIFICATIONS

Similar to Request for Proposals but qualifications are the sole basis of selection. Does not include pricing. Can be used as part of a multi-step bidding process or award directly.

REQUEST FOR INFORMATION

A selection method used for the acquisition of products or services when only the end result desired is known. Enables the “marketplace” to provide information on how to reach that result.

Piggybacks, Consortiums, Co-Ops & Alliances

As a governmental entity the District has the ability to gain an economy of scale advantage and utilize contracts that have been formally solicited by another governmental entity or by a governmental consortium in which the entity is an active member.

This is an excellent process to gain efficiencies by using another agencies awarded agreement for products and services that meet the Districts same needs, terms and conditions. By using these methods, the District can save both time and resources.
